

**AGENCY REQUEST FOR  
AE SELECTION  
AUGUST 2015**

**AGENCY:** Department of Military Affairs

**DMA CONTACT:** COL Daniel Pulvermacher, 608-242-3365,  
daniel.pulvermacher@wisconsin.gov

**LOCATION:** Madison, Dane

**PROJECT REQUEST:**

Select an A/E consulting firm to provide preliminary design through construction phase professional services associated with the design and construction of the MADISON AASF2 Replace Concrete Aprons project.

**PROJECT NUMBER:** 15H1I

**PROJECT DESCRIPTION:**

Concrete aprons on east and west side of hanger Pods 1-8 to the ramp are severely chipped, cracked, and overall deteriorated. Existing concrete needs to be replaced. Additionally, repair cracked concrete inside the northwest corner of Hanger Pod #1 and inside southwest corner of Hanger Pod #8.

**PROJECT JUSTIFICATION:**

As the concrete continues to degrade it is causing a severe foreign object damage (FOD) situation to aircraft (helicopters, C-26, and F-16's) as well as a potential safety issue to personnel. This has the potential to damage exterior aircraft components as well as the engines, which will result in a significant cost to the government.

**BUDGET/SCHEDULE:**

	<b>State</b>	<b>Federal</b>	<b>Total</b>
Construction	\$	\$	\$
Design	\$	\$	\$
DFD Mgt	\$	\$	\$
Contingency	\$	\$	\$
<b>TOTAL</b>	<b>\$0</b>	<b>\$311,000</b>	<b>\$311,000</b>
